ENGAGE JANUARY SPOTLIGHT

Engage in Music

Philharmonia

Nassau Philharmonia launched in October 2015. Engage volunteer leader Douglas Hoppe had his own vision. He wanted to share his and his colleagues' artistic visions with the public and provide a valuable and sustainable resource for musicians and music lovers in the area.

Nassau Philharmonia depends on talented musicians of all age groups who volunteer their time and musical skills to create a high level enjoyable artistic experience. The mission of the group is to perform concerts throughout Long Island. This month, Douglas and his extraordinary group brought a variety show performance to an audience of retired seniors at Friedberg JCC. There were selections performed on guitar, clarinet, violin, cello, piano, as well as a vocal selection of Fiddler on the Roof.

A round of applause for Douglas and his talented Nassau Philharmonia volunteers for bringing beautiful music to our community!
